MISSOURI
enjoy the show

Meet Minneapolis

Introducing Minneapolis, America's first city on the Mississippi River.

Welcome to Minneapolis, and experience the mighty Mississippi River flowing through the heart of the city. Take a cruise aboard the Minneapolis Queen paddle wheeler, canoe or kayak on the river, and stroll along the banks, stopping for refreshments at a local café or restaurant. The riverfront also offers outdoor concerts, Segway tours, the Guthrie Theater, Mill City Museum and numerous parks. Discover why the American Indians named this "The Father of Waters!"

Distribution

▶ Dream 4.0

Dream4 is our newest and latest front end web application that is used by all our clients to make searches and bookings via a URL. It is 3x faster than our previous version. The entire interface has been revamped to a cleaner look, making searching and booking more enjoyable. Clients can enjoy the fast and responsive behavior of the search engine for bookings

▶ Web Services

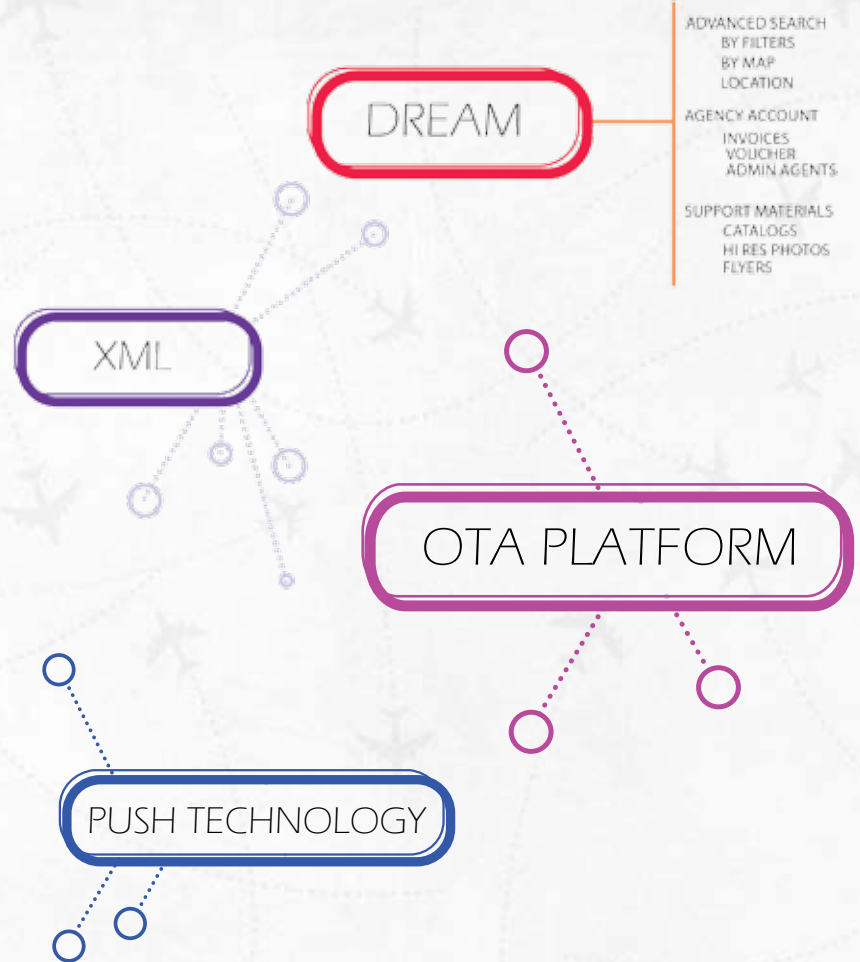

Our XML has recently been revamped with version 5.0 to offer a unique connectivity as one of the largest Hotel Room Databases in the United States, Canada and Caribbean. Our IT team is continuously integrating new functions and capabilities to allow our system to exchange information in the most optimal and secure way. A dedicated in-house specialist in web service integration will be assigned to help both your company and ours to start connecting in an efficient and very short amount of time. 99% search responses return in 1.5 seconds or less.

▶ OTA Platform

Our WebServices have been updated to include the industry-standard OTA specification! With increased capacity and improved response times, Java WebServices is the next generation of Team America's reservation and booking system. Featuring state-of-the-art technologies, Java WebServices are being constantly improved and new features are being added by our IT team constantly. A dedicated in-house specialist can assist you with integration to help your company connect efficiently and quickly.

▶ PUSH technology

PUSH technology allows our system to automatically connect and upload rates directly into your system. Featuring a custom-designed PUSH engine, it is the simplest way to get access to Team America! Our PUSH department will work with your technology team to create a smooth and close integration with your existing system.
