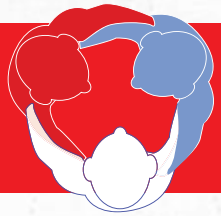
Our best deals



the teamplayers

2017

Teamplayers main purpose was to create a tool which provides you easy access to our partner hotels and services which offer some of the best ongoing deals and great values. These hotels and services are distinguished from our vast inventory of vendors to bring you a specially selected number of hotels that you can easily choose from and feature in your brochure. This publication also allows you the convenience of selecting the images and information you need to quickly and easily transport onto your brochures and promotions.

Distribution

Dream 3.0

Dream is our on-line state of the art reservation hub and booking system. Dream allows our clients to be able to look up and do advanced searches of hotels and services. The system includes features to manage agency account information such as invoices, booking history and vouchers.

Web Services

Our XML has recently been revamped to offer a unique connectivity as one of the largest Hotel Room Databases in the United States, Canada and Caribbean. Our IT team is continuously integrating new functions and capabilities to allow our system to exchange information in the most optimal way. A dedicated in-house specialist in web service integration will be assigned to help both your company and ours to start connecting in an efficient and very short amount of time.

New OTA Platform

Our WebServices have been updated to include the industry-standard OTA specification! With increased capacity and improved response times, Java WebServices is the next generation of Team America's reservation and booking system. Featuring state-of-the-art technologies, Java WebServices are being constantly improved and new features are being added by our IT team constantly. A dedicated in-house specialist can assist you with integration to help your company connect efficiently and quickly.

PUSH technology

PUSH technology allows our system to automatically connect and upload rates directly into your system. Featuring a custom-designed PUSH engine, it is the simplest way to get access to Team America! Our PUSH department will work with your technology team to create a smooth and close integration with your existing system.
